

***LWV CVA 2020-21 Program Planning***  
Free Virtual Meeting: Sunday, December 6, 2020 – 2-4pm

**What is "Program Planning"?** Program Planning happens annually at the local League level. It is the time when we consider the positions taken by our League on the local and state or national levels. Our positions give the League a voice and are the result of an established process: the LWV takes action on an issue or advocates for a cause when there is an existing League position that supports the issue or speaks to the cause. **Without a position, League action/advocacy cannot be taken. This is what your League of Women Voters is all about and Program Planning is your opportunity to weigh in.**

For 2021, we will study **Local** and **State League positions** in preparation for our May 3, 2021 *LWV CVA Annual Meeting* as well as the June 5 LWV-VA convention. Do we wish to retain current positions, to act on them, and/or to begin new studies with the goal of establishing consensus and positions for action on other issues? As part of this review, we will hear from committee members who will be suggesting updating current local program "Action" statements. Our recommendations from this meeting will be presented to our members for approval at the Annual Meeting in May.

**To prepare for our 2020 meeting**, check out our **Local Program: Positioned for Action** as described in the *LWV CVA 2020-2021 Membership Handbook*. On pages 15 -21, you will find "Action" items on: Government, Natural Resources, and Social Policy. (These positions can also be found on our website: [lwv-cva.org](http://lwv-cva.org) under the pull-down menu, "Explore the League" – Advocacy, then click on "Local.") Carol recommends that you read the Program section (pages 15-21) of the *LWV CVA 2020-21 Membership Handbook* **before** you come to the meeting—meeting time is short, there are many decisions to be made, and your advance preparation will make a real difference! **To check out the LWV-VA positions, go to [LWV-VA.org](http://LWV-VA.org)** and click on the drop-down menu "Action" at the top of the home page; then follow the links for the **[LWV-VA Positions](#)**. ## *President's Message*

Dear Leaguers, The following letter appeared in *The Daily Progress* (November 28, 2020) -

Numbers tell only part of the story, good as they are. Almost 80% of Albemarle County's registered voters cast ballots and 70% of Charlottesville's. Behind those numbers, including the unprecedented early-voting numbers (67% and 74% of votes cast, respectively) there were hundreds of volunteers, staff, and officials working to make the process run smoothly.

The *League of Women Voters of the Charlottesville Area* thanks everyone who created this community success story. Specifically, we appreciate the Boards of Elections, the Registrars, the chief of each precinct, and the official election workers, full and part-time, who worked tirelessly all day and for days or weeks ahead of time.

But there are other examples of individuals' devotion to the goal of getting a clear record of each person's vote. Unnoticed were all the County employees who agreed to work at home, freeing the 5th Street County Office Building parking lot for early voters.

We noticed many cases in City and County of devotion to the job. For example, the mobility-challenged poll worker who painfully rose from her chair to check each time an "id" was hard to read through the plexiglass. There were dozens of lawyers who took extra training and volunteered to spend Election Day and the counting days to watch for any irregularities. And the Charlottesville Clergy Collective was ready to diffuse any disruptions.

Cheerful partisans greeted voters of all persuasions, often making the entrance to their polling place festive and welcoming. Finally, we thank the Voters who put in the effort to cast their ballots, sometimes standing in a long line. The glee of first-time voters, who get applause, is always delightful to see.

The community effort behind the record-breaking numbers shows our democracy is working and gives us hope for its future.

*Pat Cochran*

### LWV-VA Pre-Session Women's Legislative Roundtable, Wednesday, Dec. 2

*From Mary Crutchfield, LWV-VA Legislative Coordinator*

**Every year in December, the League of Women Voters of Virginia sponsors the Pre-Session Women's Legislative Roundtable before the next Virginia General Assembly Session.** We invite directors and policy and advocacy experts from many nonprofit organizations to speak about their priority issues and legislation, and to give their predictions on what may or may not happen during the next Session. We generally have 15 to 20 speakers who each speak for 5 to 7 minutes.

In the past two years the LWV-VA Pre-Session was held at the John Marshall Hotel and included a nice lunch. This year, the LWV-VA Pre-Session will be held **virtually** on Wednesday, **Dec. 2, 9 a.m.-2 p.m.**, with a lunch break scheduled around noon. We are delighted that this year's keynote speaker is Brian Koziol, Director of the Virginia Housing Alliance, who will speak at 11:30 a.m. In addition to the keynote presentation, the morning program will include:

- LWV-VA President Deb Wake and LWV-VA Advocacy Chair Julie Turner discussing the League's upcoming legislative priorities.
- Commissioner of Elections Chris Piper sharing his observations on the 2020 election.
- Virginia Secretary of Finance Aubrey Lane presenting his insights on the challenges Governor Northam's administration faces.

## **New Action Plan Drives 2021 Justice Reform Committee**

**by Kit Murphy McNally, LWV CVA Justice Reform Committee Chair**

The Justice Reform Committee will launch 2021 with increased self-education and action guided by *Transforming the System: Front End Criminal Justice Reform*, a plan designed by member Traci Griggs. Focusing on women entangled with the local and state justice system, the committee intends to further assess the extent to which women in conflict with the law benefit from existing alternatives to incarceration in the five counties served by LWV CVA. Data reported by Criminal Justice Planner Neal Goodloe at a LWV Sunday Seminar in April serves as a strong driver in this quest. His presentation can be viewed at [lww-cva.org](http://lww-cva.org) by clicking on the drop-down menu “Explore the League” and then clicking Justice Reform Committee.

Committee members will also consider any local impact on women relating to justice reform legislation recently adopted in the Virginia General Assembly special session. More action on justice reform may be considered during the brief General Assembly session in January.

Self-education and research are the driving factors for the committee in 2021 with a goal toward action deemed most beneficial to local jurisdictions. Additionally, the committee will draw from knowledge of programs and action underway within other LWV groups around the state. The LWV-VA justice groups are variously focusing on restorative justice, civil rights, race and equity, women's rights in the justice system, death penalty abolishment, diversion, sentencing, school to prison pipeline, juvenile justice, felons right to vote, elimination of cash bail, prosecutorial discretion and (LWV-CVA) community alternatives to incarceration. The state justice groups plan to connect monthly in 2021.

Beginning in January 2021, the Justice Reform Committee will meet the second Tuesday of every month at 10 am via Zoom. There will be no meeting in December. There's plenty of room for new members/advocates. If interested, contact Kit Murphy McNally [murphymcnally@gmail.com](mailto:murphymcnally@gmail.com).

## **LWV CVA Child Care Committee Report by Beth Kariel**

On November 16, Charlottesville City Council voted to no longer require a Special Use Permit for Licensed Family Day Homes, where 5-12 children are cared for. A Provisional Use Permit will be required. (The details of this update come close to what Albemarle County currently allows.)

This will make it easier to start Family Day Homes in the City of Charlottesville.

While the pandemic probably pushed this issue to the forefront, the Child Care Committee is aware that some citizens had already advocated for this change, prior to the pandemic.

While doing our recent study, the LWV CVA Child Care Committee did find that the most deaths occur in home child care settings. And, while safety is a primary concern of ours, we do recognize the pros and cons of home child care versus licensed center care.

For more information about the LWV CVA Child Care Committee, contact Beth Kariel, email: [bethkariel9@gmail.com](mailto:bethkariel9@gmail.com) or phone 434-964-6238.

## LWV CVA Natural Resources Committee Report by Muriel Grim

The Natural Resources committee virtual meeting was held on November 24. We scheduled the next NRC meeting for Tuesday, December 22 at 1 pm but will change that if necessary.

The November Comp Plan Study Group meeting will be on Monday, November 30 at 3 pm. Charlottesville Historic Preservation and Design Planner, Jeff Werner, will be our presenter for Chapter 5, *Historic, Cultural, and Scenic Resources*.

Local Program Planning: We decided that our current Natural Resources program does cover advocacy that we might consider on behalf of Environmental Justice issues. At the Program Planning meeting (December 6 at 2 pm) we will bring up the possibility of making an umbrella statement about social justice in the Social Policy section of LWV-CVA program.

We discussed Land Use issues in the Charlottesville League's area such as the water intake and pump station on Rassawek, the historic capital of the Monacan Indian Nation, and the unusually early interest in seeking an extension of the North Anna power plant operating license. This led to considering how we might get League members from all of the Thomas Jefferson Planning District to participate in NRC activities. We would like to invite someone from the Thomas Jefferson Planning District to speak to the committee. We will post an announcement in the newsletter inviting members from all of our Local League counties to join us.

We also will monitor some local development plans such as Breezy Hill off Route 250 east of Charlottesville and the RST development on Route 29 near Forest Lakes.

For more information about the LWV CVA Natural Resources Committee, contact Muriel Grim, email: msgrim2012@gmail.com or phone 740-818-7179.

### **Let's highlight the Charlottesville League's Area!**

The LWV CVA Natural Resources Committee would like to invite someone from the Thomas Jefferson Planning District to speak at one of our 2021 Natural Resources Committee virtual meetings. Just as the *League of Women Voters of the Charlottesville Area* does, the TJPD includes the City of Charlottesville, Albemarle County, Fluvanna County, Greene County, Nelson County, and Louisa County.

We will invite the speaker if a large group of Leaguers from the TJPD (not just Albemarle County and Charlottesville) participates. Can we count on you to be there? If so, please let Muriel Grim, msgrim2012@gmail.com, know that you are interested in attending this "whole LWV CVA area" event.

From Associated Press [as published in *The Daily Progress*] November 28:

**RICHMOND — Applications will open Monday [November 30] for citizens who want to serve on Virginia’s newly created bipartisan redistricting commission, a group that will redraw the state’s congressional and General Assembly districts to conform with the 2020 Census.**

The 16-member panel, which was created after [voters approved a constitutional amendment](#) earlier this month, will include eight legislators and eight regular citizens, evenly divided between Democrats and Republicans. The eight citizens will be chosen by retired judges from a list prepared by legislators.

The judges **met Wednesday** to discuss and approve the detailed citizen applications, which include questions about a person’s education, employment history, political party affiliation, age, household income, voting history, leadership experience and any “partisan activities or relevant employment history” of their relatives.

The judges also voted to require that applicants submit three recommendations.

The applications will be made available at [redistricting.dls.virginia.gov](http://redistricting.dls.virginia.gov), and applications will be accepted for four weeks. When that window closes, staff at the state Division of Legislative Services will evaluate the applications and provide legislative leaders with a pool of applications that are eligible and complete.

*Senior Statesmen Meeting: Wednesday, December 9 – 1:30 – 2:30 pm*

The December program, “**Community Policing**,” featuring Charlottesville Chief of Police **RaShall M. Brackney, Ph.D.**, and Albemarle Chief of Police, **Ron Lantz**, will begin following the conclusion of the annual business meeting at 1:45 and conclude at 2:45. The program will be moderated by **Thomas Frampton**, associate professor of law, University of Virginia School of Law. ## ***International Relations /Federal Government Committee News*** by Gerry Kruger

The virtual November 18, 2020, International Relations/Federal Government Committee meeting was extremely informative, thanks to our presenters, **Susan Roberts** and **Natalie Testa**. (Coincidentally, our own **Susan D. Roberts, an LWV CVA member**, presented a report at our October meeting.)

**Susan Roberts**, who spoke at our November meeting, is a member of the United Nations Association chapter in Charlottesville. Approximately 200 such chapters exist. She explained the numerous agencies of the United Nations, which many of our members hadn't realized were part of the UN. The World Health Organization (WHO), from which President Trump withdrew the United States after the Covid-19 outbreak in China came to the US, is one of these agencies.

The goals of the United Nations are very much in line with those of the League of Women Voters. Health care, peace and justice, clean energy, quality education, and reduced inequality are a few of these. Recently the UN proclaimed November 2 as the "International Day to End Impunity for Crimes against Journalists."

The Security Council establishes peacekeeping operations and also governs the largest military force in the world. Now they offer training to prevent sexual abuse, since it's a problem in peacekeeping missions. The Model UN is an extra-curricular activity for high school and college students. These students typically roleplay delegates to the United Nations and simulate UN committees. Recently a multi-generational model has been created which includes the very young to the oldest. Funding for the UN amounted to 8.6 billion dollars in 2019. The US owed 1/3 of that. However, even before President Trump was president, the US debt to the UN has been in arrears.

Susan recommends reading a new edition of *The Insiders' Guide to the UN* available at Barnes & Noble. Anyone who is interested in joining the local UN chapter should contact her at [sgwroberts@gmail.com](mailto:sgwroberts@gmail.com).

**Natalie Testa** proved that there is much our media doesn't cover when it comes to world events. Few of us had heard of the bloodiest riots ever that came about due to the metro fee being raised 30 pesos (four cents) in Santiago, Chile. Rioters have destroyed historical buildings and metro stations, and the burning and violence have expanded to other cities. Police aimed rubber bullets at eyes and caused many protesters to lose their sight. Many have died and thousands have been injured or imprisoned. Chile is a democracy with one of the worst income gaps between the rich and poor. The ruling class makes the laws, which always favor the rich.

As a result of the riots, an election offering a referendum on writing a new constitution took place. 80% turned out for it and no one voted against it. The referendum asked Chileans if they wanted a new constitution and what kind of body they would want to draw it up. Citizens who voted want to see the lower classes involved in the writing as well as gender equity and diversity. They hope labor unions and teachers unions will be participate.

***Continued from previous page***

Natalie also gave us an update on the leader of Myanmar, Aung San Suu Kyi, an icon who fell from grace after receiving the Nobel Peace Prize in 1991. She spent 15 years in detention for trying to bring democracy to the military-ruled Myanmar (also known as Burma). Although San Suu Kyi is now the leader of her country, the generals still have the final say. They have gone back to the ethnic cleansing of the Rohingya population. She is accused of doing nothing to stop rape, murder and possible genocide by refusing to condemn the still powerful military or acknowledge accounts of atrocities, saying reports of these are fake news. Even though she has been a political prisoner, she refuses to free political prisoners. Natalie promises to keep us informed about this matter.
