

2021 Drinking Water Clinic

Do you have a well, spring or cistern?

Learn about your water quality through affordable, confidential testing and become empowered to make decisions about system maintenance and water treatment!

The goal of the Virginia Household Water Quality Program is to improve the water quality and health of Virginians with private water supplies, including wells, springs and cisterns.

How does it work?

1. Pick up your sample kit near the local Extension office **with physical distancing measures**.
2. Collect samples on designated date and drop off locally (**physical distancing measures will be in place and masks are required**).
3. Samples are analyzed at Virginia Tech.
Receive your confidential results, an explanation of what they mean, and information about addressing any problems **via email (or USPS mail if an email is not provided)**. A live video or recorded video presentation will also be available to help you understand your results.

What does the water test include?

Iron	Manganese	Sulfate	Hardness
Sodium	Copper	Nitrate	Arsenic
Fluoride	pH	Total Dissolved Solids	
Coliform bacteria	<i>E. coli</i> bacteria	Lead	

How much does it cost? **\$60** per sample kit.

	Date and Time	Location
Pick up sample kit and receive directions to collect samples	Monday, May 24 8-10 am or 4-6 pm	Front Circle - Albemarle County Office Building 1600 5th Street Ext., Charlottesville 22902
Drop off samples	Wednesday, May 26 7:30 – 9:00 am	Front Circle - Albemarle County Office Building 1600 5th Street Ext., Charlottesville 22902
Results will be emailed or mailed	A presentation link will be provided via email approximately 4-5 weeks later. If you do not have an email address, we will mail your results and will be available by phone to answer your questions.
